

# GRAPHIC DESIGN & ILLUSTRATION

## Program Description:

Careers in graphic design and illustration span all aspects of the advertising and visual communications industries. Within this context, students will be expected to develop an understanding of the industry with a focus on the fundamental elements and principles of visual art and design. This course will build on typographic, compositional and imaging skills that students will develop through various projects and lessons created both manually and in computer lab settings.

## Clubs and Organizations

Skills USA empowers its members to become world-class workers, leaders and responsible American citizens. SkillsUSA improves the quality of America's skilled workforce through a structured program of citizenship, leadership, employability, technical and professional skills training. SkillsUSA enhances the lives and careers of students, instructors and industry representatives as they strive to be champions at work.

## Business & Industry: Graphic Design & Illustration

This four year plan is intended to give you and your parent(s) a guide to use as you progress through high school. Please review your plan each year to ensure you are taking the required courses for graduation. You will create your own personal Texas Achievement Plan using the CCRP from which you, your parents and your counselor will sign. If you decide to change your TAP, you will need to present your new TAP to your counselor and parent for signatures. [ccrp.sisd.net](http://ccrp.sisd.net)
