

Campus: Slider MS  
S.I.T. Meeting Minutes  
Date: September 18, 2018

I. Welcome Role Call- Mrs. Mendoza (3:35)

II. Approval of Minutes for August (8/22/18) (3:40) accepted as read

III. Safety

- a. Fire drill occurred and was not a drill. Maintenance workers set off alarm and the building was exited in 3 minutes. Great job Stallions! A suggestion was made that drills be distributed throughout the day
- b. Concern of not having IDs because there is a new system and district has not come to campus to install template. This is causing a concern. Since students don't have IDs, the importance of the dress code is even more important. Statements were made that not all teachers are on the same page. Too many options make things more complicated. Further discussion will occur in leadership meetings and if a change in the dress code is proposed, we will provide a timeline for its implementation. Representatives should email their department to provide feedback and report back to Mr. Rios or Mrs. Mendoza. District rep Mr. Moreno encourages teachers to think about why we have a dress code and why it is important.
- c. Door in 100 hall should not be used.

IV- Parent Liason-

She is working on registering students for the Father-Son conference which is on 9/22.

Also she is working on providing breakfast on the go to parents

dropping off their students. It will have breakfast items and Information for parents about school activities. Our Anti-bullying event will take place at PPP on 9/20 in the evening and the kickoff will occur during Homeroom and will be a parade.

V. EPAC- Ms. Acosta went over the report from district that covered the distinctions we earned for accountability. Professional development school wide is focused on reading and writing and will be offered more after school. Teachers can touch base with SCEI Coaches if they have any questions

VI. Core Departments are power planning for next 9 weeks, Tutoring will occur during Intersession, Technology PD will be offered each month by Denisa Morales
