# Comprehensive Needs Assessment

Revised/Approved: June 25, 2018

## Demographics

### Demographics Summary

Eastlake High School is the home to 2,070 students that is comprised of a unique community. Our student population varies among all different types of subgroups. Currently, our student population is 70% economically disadvantaged and 39% are identified as at-risk. Eastlake High School is a growing community to include an expansion with our military families. Our students with special needs encompasses 6% of our student population with our English language learners percent increasing to almost 14%. Our diverse student population is served in multiple ways by our faculty and staff. Teachers meet on a weekly basis to review content and make curricular decisions on the delivery of quality instruction. Within that scope, teachers also evaluate students to identify areas of success but also areas of need.

Our staff is a very supportive staff that incorporates all stakeholders within our community. Students have the opportunity to be involved in various extra curricular activities from athletics to fine arts. They also have content support through before and after school tutorials that are made available to assist students in the area they need support. Our community is an invested, caring and involved community. Parents are very active by volunteering in the Falcon Force; which allows parents to assist with ensuring students are safe. Also, our parents and community members are active in the PTSA; which also allows for parents to have their voices heard.

### Demographics Strengths

Eastlake current strengths include the percentage of students who graduate within four years of enrollment is at 91.4%. Within our sub-populations; 100% of our African American,

Asian, American Indian, and Migrant populations graduate within four years of enrollment. 91% of our Hispanic population graduate within four years. Eastlake HS students have been able to meet state system safeguards in the four content areas with all subgroups except for students with special needs.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Special Education subpopulation system safeguards in Reading, Mathematics, Writing, Science, and Social Studies are not being met.

**Root Cause:** Our special education and regular education teachers fail to connect long term comprehensive learning to our students with special needs because of a lack of professional development in project based lessons that engage all students.

## Student Academic Achievement

### Student Academic Achievement Summary

Eastlake High School continues to grow with respect to student achievement in all core content areas. There are both areas of strength and need. Below is our data by content area:

Campus	Spring 2016				Spring 2017			
	Total Tested	% approaches grade level	% meets grade level	% masters grade level	Total Tested	% approaches grade level	% meets grade level	% masters grade level
Algebra 1	485	82.9%	41.4%	14.8%	449	85.3%	40.1%	12.5%
Biology	556	88.5%	59.4%	13.8%	551	89.3%	65.0%	24.9%
English I	683	60.8%	39.7%	5.4%	679	58.5%	44.5%	6.5%
English II	601	59.1%	40.6%	1.7%	641	62.7%	46.6%	3.4%
US History	462	90.3%	63.0%	22.9%	492	93.9%	58.3%	21.7%

### Student Academic Achievement Strengths

Student goals focus around the use of information and communication technologies to collaborate, construct knowledge and provide solutions to real-world problems, using research-based strategies in all subject areas, and communicating effectively in a variety of formats for diverse audiences. One of the ways that we reach all students is through the Eastlake Mandatory Tutoring (EMT) program, to include End of Course (EOC) sessions to support students in their area of need. Eastlake teachers tier their students learning according to district benchmark predictions and results. Teachers consistently predict student performance within a 3-5% margin of error, indicating our teachers know our students and are able to address their area of need accordingly.

## **Problem Statements Identifying Student Academic Achievement Needs**

**Problem Statement 1:** English I students performed at 58.5% - approaches, 44.5% - meets, and 6.5% - masters grade level. We performed at 2.6% below district approaches level, 1.4% above district meets level, and above district average in percent meets level. Scores in English I only increase in single digit percentages. **Root Cause:** English I teachers need additional training in writing and reading comprehension strategies such as SIOP and WICOR .

## School Processes & Programs

### School Processes & Programs Summary

Current programs at Eastlake include each of the State Endorsements. Public service opportunities in CTE include cosmetology, culinary arts, law enforcement, and growing future teachers in our ACE program. STEM opportunities in engineering, computer science, biomedical, dual credit Pre-Calculus, dual credit and advanced placement Calculus A/B and B/C, and dual credit and advanced placement statistics. Business opportunities and internships exists in graphic design, web design, financial literacy, journalism, and video technology. Fine Art opportunities are exemplified in band, choir, electric fiddle, dance, guitar, orchestra, and art clubs.

The recruitment for our programs is successful because of our strategic effort to hire highly skilled, highly qualified, energetic teachers who care about students. Our students take pride in their accomplishments and are eager to showcase themselves at the next level. Our retention of teachers is best exemplified by them choosing to stay at Eastlake to help students learn as opposed to enter the private industry. This is evidenced by our Computer Science teacher wanting to grow a School of Advanced Technology and Applications rather than program for a large corporation. Our teachers also go on to earn their masters and doctoral degrees while teaching at Eastlake. Our students have challenged many of our teachers to continue with their education in order for them to teach them in a content where each student can earn dual credit for post-secondary education.

Counselors and administration at Eastlake look forward to working with students in their classrooms. Counselors consistently seek opportunities for students to earn scholarships, maintain a high GPA, and balance their social emotional well-being in order to compete at the highest levels. Administration truly know our students as we engage with them in conversations in the classroom, lunch, and celebrate their successes in every extra-curricular event.

Processes we use to support a growing school include strong new-teacher mentor programs, community partnerships, a learning community that values every child, consistent parental

involvement, and a philosophy which embraces technology. Our campus currently employs a very active parent Liaison, community in school personnel, and consistently is seeking new ways to vertically align within the feeder pattern.

Our campus consistently will use social media to promote student accomplishments and highlight our achievement's. Celebrating successes is the personal touch to show how much we care about our students, their parents, school staff, and the teachers who so unselfishly give to student success.

### **School Processes & Programs Strengths**

Eastlake HS currently offers a variety of programs to provide students the most opportunities in academics, fine arts, athletics, and social skills in a global society. Academically, programs include biomedical, engineering, computer science, dual credit and advanced courses. In fine arts we offer students opportunities to participate in band, choir, dance, color guard, orchestra, electric fiddle, sculpture, and theatre. Our students also have opportunities to grow socially by participating in the customer service endorsement in culinary arts, cosmetology, law enforcement, Socratic, small animal management, horticulture, Socratic, and speech & debate. Within each of the areas mentioned, Eastlake students continue to excel in state competitions for science fair, destination imagination, aca-dec, and solo ensemble. Our color guard team is nationally ranked within the top 10, our band is a state qualifier, and Future Farmers of America (FFA) continue to qualify for region. Athletically, our student athletes continue to out-rival schools in every area. Each year numerous teams are district, bi-district, area, and regional champions. Our students strive to bring home a state title.

### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1:** Eastlake did not qualify for a T-STEM designation. **Root Cause:** The application completion did not accurately state how students will be recruited into the STEM program.

## Perceptions

### Perceptions Summary

The culture, climate, value, and belief of our campus is one that is very competitive, respectful, rigorous, and welcoming. This is evidenced by our campus survey results from students, parents, teachers, and the community. Our overall campus appearance is one of a small college or university that is welcoming. The school exemplifies a proud culture of success that is contagious. People seek employment, students seek enrollment, and the philosophy of "Together we are Better" fosters a family environment. We choose Eastlake because we choose to care about the success of others.

### Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** An area for growth is adequate disciplinary measures from campus administration. **Root Cause:** Inconsistent discipline from a new team of campus administration.

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

# Goals

**Goal 1: SISD will ensure a safe school environment for students, staff, and community members by implementing both current and new initiatives to address safety concerns, keeping safety a top priority.**

**Performance Objective 1:** For the 2017-2018 school year, Eastlake HS will implement a plan of action to ensure that students, staff, parents, and community feel safe at school and extra-curricular events, increasing the number of students that strongly agree that they feel safe by an actual number of 80 on the next Campus climate survey.

**Evaluation Data Source(s) 1:** 2016-2017 and 2017-2018 student climate survey results

**Summative Evaluation 1:** Exceeded Performance Objective

<p>  = Accomplished              = Considerable              = Some Progress              = No Progress              = Discontinue         </p>						

## System Safeguard Strategies

Goal	Objective	Strategy	Description
1	1	1	1.) EHS will purchase a Social Emotional Learning curriculum and professionally develop teachers to encompass the whole child with a safe learning environment.
1	2	1	Eastlake HS will implement two different curriculum programs: SEL for all Eastlake students. Character Strong program with Student Activity Leadership classes with the intent to spread school-wide.
2	1	1	100% of our 9th student body will have access to a laptop. (Campus will purchase 61 additional DNA laptops for repeat 9th graders)
2	1	2	2.) 100% of our Eastlake students will have access to 1 of 7 computer labs before, during, and after school.
2	2	1	ELAR I students will be provided resources such as dictionaries, reading materials, and teacher created materials.
2	3	1	1.) ELAR II students will be provided resources such as dictionaries, reading materials, and teacher created resources.
2	4	1	100% Eastlake students will be provided with a TI-Spire calculator in their classroom.
2	5	1	Biology teachers will use stem scope curriculum as an additional resource.
2	6	1	Eastlake students will have access to primary and secondary sources such as dictionaries, textbooks, and computer labs.
2	7	1	Students will have access to primary and secondary resources such as edmentum and computer labs.
2	8	1	Students will be provided additional secondary and primary sources such as computer labs and texts. Students will also attend after-school and Saturday review AP sessions to supplement their curriculum.
2	9	1	Students will enroll and actively be engaged in Dual Credit, Advanced Placement courses, after school and Saturday sessions.
2	9	2	2.) Students will participate in a college visit tour during intersessions.
2	10	1	EHS will implement a Mandatory Tutoring (EMT), Tiered RTI protocol, and support lab courses for EOC content areas.
2	11	1	EHS will effectively implement an EMT, Tiered RTI protocol, and support lab courses for all EOC tested content areas.
2	13	1	EHS will monitor and effectively implement EMT, TIERED RTI protocols, support labs for content tested areas using SIOP, ELPS, Kagan, and Making Thinking visible strategies.
3	1	1	Teachers will be trained on T-TESS domains to ensure best practices in the classroom.
3	2	1	Teachers will participate in professional development through book studies, presentations, and PLC with the expectation they implement best practices in their classrooms and share student artifacts with their colleagues.
3	3	1	Utilize campus student ambassadors, and student council leadership to teach Character Strong curriculum to all students and teachers.
3	5	1	Teachers will receive training in ELPS, Bilingual, SIOP, and Differentiated Instruction.

Goal	Objective	Strategy	Description
5	1	1	EHS will effectively implement a EMT schedule, TIERED RTI protocols, and provide additional support labs for content tested areas.
5	2	1	EHS will award perfect attendance for students by conducting a drawing at the end of each 9 weeks for donated prizes such as Beats, TVs, and gift cards.

# State Compensatory

## Budget for Eastlake High School:
