

SIT notes

1-25-23

Welcome and roll call Kinder rep absent

EPAC Updates-last meeting new middle school (transfer email went out), latest meeting last week was rescheduled.

School organization

Nursing services-introduced herself and went over 3 criteria of sending students home (fever, vomiting, and diarrhea) Needs justification (nursing judgment) for sending students home. Wants to maximize instructional time. Minor complaints will be sent back to class. May send students back to class if dealing with medical crisis, please be understanding (following protocol).

- 4th grade concerns-sending student back and having accidents right after (vomiting) or fever shortly after (nurse: priority to students with fever at the time/symptoms. Gives tolerance test if nauseous, checks fever with 2 thermometers. Can get tricky because everyone manifests illnesses differently. She assesses them and cannot send home without 3 criteria). Send students that had fever day before to nurse must be symptom free for 24 hours.
- Parents are saying that teachers are telling parents to keep students home due to coughing. Only person to give that recommendation is nurse.
- Toileting guidelines-teacher calls parents and can keep a change of clothes in backpack.

Formative review-Goal 1 Safety

- Region 19 audit today (breached 3 campus this week, but we passed) took pictures around campus, checked outside doors, classroom doors.
- Reviewed CIP-badge system, security checks (Q-what's the function of the SISD officer? Not visible), badges, morning duty, Watch dogs (1 or 2 per month), safety meetings (SIT), safety concerns, wipes and sanitizer (expired)

Drills-Lockdown (scheduled tomorrow) email Dr. Ramirez if missing or have extra students.

Inclement weather-spoke to athletic director (guided to handbook and guidelines) Feels like 40 degrees or below admin will make announcements. Will not force students out (gym available)

Staffing-no new hires (3rd grade bilingual and 2 sped openings) 1 applicant for opening. Soto went to a job fair on Monday interviewed 0.

Curriculum

1. Instructional expectation-email sent, time to turn up heat by using TRS (IFD checklist, explicit teach to specificity, rigor, questioning, TEKS clarification) Goal is 90, 60, 30 but our meets and masters are very low. Focus on Math instruction (tier 1) Expectations for sped (duet and parallel). Think Alongs and STEMscopes must be used. Are we asking the right questions and providing processing time. We will start checking lesson plans and matching the pacing. Feedback will be given. Visit from District, Feb. 13 (what are we going to do differently, they will post other 2 questions after visit)
2. Extended learning opportunities (tutoring needs to match our data, need the students here!) 94 last Sat. Intersession goal 150 3rd-5th grade.
3. STAAR resources-only 1 teacher reached out. We already have resources to use (Think Alongs, Lead4ward, TRS assessments, samples, STEMscopes, released STAAR, Storyworks, textbooks, Countdown)
4. Tech. updates-crucial bring devices (students 2nd-5th grade and teachers) Laptops need to be updated/reimaged due to COVID coding if they do not match the HBE address. Students need to shut down computer daily (need to be 45% charged). When can students go to library for technology? am and pm for regular tech issues. Students need to remove large cursor, start practicing using mouse.
5. GT updates testing (3 more to test) next step is getting last teacher survey in. Lengthy process.

Budget

1. Technology-projectors installed next week (remove items in the way of new projector)
2. Intersession-\$50 per hour 3rd-5th and LOC
3. Bilingual-ordered marker boards if supplies needed reach out to Soto.
4. Jan. 31 budget for this year needs to be spent.

Fundraiser

Candy-teacher run, Candy Sale

Spring Carnival-goes to teacher

Adjournment

Concerns

PE none

5th grade none

PreK none

1st grade thanks for coverage for testing! Sticker machine distracting (remove), jackets being left at PE.

2nd grade stickers

4th grade Tues, Th, Sat (tutoring) bathroom lights off

3rd grade need teacher hired.

Sped cannot contact parents due to behavior (call review ARD), CBI on testing day (Ramirez will fix testing plan), fundraiser for t-shirts (present proposal)

Soto-What are we going to do differently to turn around our data? Think about this before tomorrow's PLC.
