

Computer Transfer of Ownership to High School Graduate Agreement

Socorro ISD recognizes the importance of adhering to all appropriate intellectual property agreements. These include software licensing agreements made between the district and software companies.

The district seeks to establish a tradition of providing its graduates with computers that have been taken out of inventory. Socorro ISD hereby assigns its right title and intent with the laptop serial number listed below to the undersigned. The undersigned, in consideration of the transfer, understands and agrees that all responsibility, liability, and expense regarding this computer and its use and ownership is assumed by the transfer.

The computer you are receiving is only loaded with the original operating system. For productivity applications such as word processing, spreadsheet, presentation, and other applications, you must use your own software.

- Some options available to you:
 - With your valid school email address, you may register for a free Microsoft Office 365 Account at <https://products.office.com/en-us/student/office-in-education>
 - Register for a free Google Account at <https://accounts.google.com/signup> for access to Google Docs
 - Download OpenOffice – a free, open source software package at <http://www.openoffice.org>
- If you are enrolling in an institution of higher learning or trade school, you should check with the institution to determine whether they have an agreement to provide productivity software as part of your enrollment. Eligibility requirements and provisions may vary by institution.

Please note:

- The Microsoft Corporation retains ownership rights to their operating system (the installed software).
- You may not transfer ownership of the operating system to another individual or use it on another computer.
- The computer and software are provided to you 'as is' and any express or implied warranties are disclaimed (e.g., if the computer breaks, you are solely responsible for repairs).
- You are the sole owner of the computer and related hardware peripherals. Socorro ISD will not provide additional technical support nor assumes any responsibility for the proper disposal of the equipment. Please contact your local municipality for instructions regarding disposal of electronics.
- Socorro ISD is not liable for any damages, including but not limited to, lost revenue, lost data and loss of use or services, however caused and regardless of the theory of liability, arising out of the use or inability to use the computer and/or installed software.

Please initial each statement:

____ I will read and abide by the license(s) associated with this Software.

____ I understand that no additional technical support will be provided by Socorro ISD.

____ I understand that I will be the sole owner and responsible for all use, care, expense and liability.

By signing this document, you acknowledge to have read and agree to the terms of this agreement.
