Lesson Frame

EQ: How does staff development at my campus enhance student academic achievement?

We will understand the requirements for staff development at the campus and district level and review the SISD Staff Development Survey.

I will summarize the key points of the new SISD Staff Development Survey.

Title II, Part A Program Activities Must:

- Be aligned with state academic content and student academic performance standards and state assessments
- Be aligned with curricula and programs tied to state academic content and student academic performance standards
- Be based on a review of scientifically based research
- Have a substantial, measurable, and positive impact on student academic achievement
- Be part of a broader strategy to eliminate the achievement gap between low-income and minority students and other students
