The data indicates that Sierra Vista ES has a diverse student population that includes students in our Special Education classes that are auditory impaired. We pride ourselves in offering a quality and rigorous TEKS-based instruction to meet the needs of our student population.

Sierra Vista ES is comprised of Principal, Asst. Principal, a SCE-I coach, a Librarian, and one Counselor. We have 33 Classroom teachers; 8 Special Education teachers; 2 coaches; 15 Paraprofessionals; 2 Speech Therapists; 1 nurse; 1 security guard and 3 office staff members.

The following information is from our campus TAPR report from the Texas Education Agency:

Teachers by Ethnicity and Gender: Hispanic 37.9 90.4%; White 4.0 9.6%;

Gender: Males 7.0 16.0%; Females 34.9 83.3%

Teachers by Highest Degree Held: Bachelors 32.9 78.5%; Masters 9.0 21.5%

Teachers by Years of Experience: Beginning Teachers 4.9 11.6%; 1-5 Years Experience 7.0 16.7%; 6-10 Years Experience 10.0 23.9%; 11-20 Years Experience 14.0 33.4%; and Over 20 Years Experience 6.0 14.3%.

The average daily attendance rate for students is 96.8% where we are committed to taking a proactive approach to encourage student and staff attendance.

Demographics Strengths

Demographics Strengths

Sierra Vista is a WIN Academy Campus that uses Project Based Learning to increase academic growth to our approximately 70 students.

Our attendance rate is at 96.15%, just slightly above district (96.3%) and above the state rate (95.8%).

Problem Statements Identifying Demographics Needs

Problem Statement 1: Our attendance rate, 96.15% needs to improve to above a 97.5% **Root Cause:** We are the overflow campus for our feeder pattern. Even though transportation is available, most student are brought causing tardiness or staying home and being absent.

In our **TELPAS** scores, our strength was in 2nd Grade with 68% of students progressing at least 1 proficiency level from 2017 to 2018. (Pending August Release date)

In our **IStation** Report in Reading for the end of the year, our 2nd grade has the highest amount of TIER I students with 74 out of 95 which is 78%.

Problem Statements Identifying Student Academic Achievement Needs

Problem Statement 1: ELL Student Performance on STAAR Reading is 45.5%, which is 28.1% lower than all student performances of 73.6% in indicator 3. ESL Student Performance on STAAR Reading is 0%, which is 73.6% in indicator 2. (2 students) **Root Cause:** Lack of focus on individual student gains in analyzing student data; Lack of providing resources for limited vocabulary.

Problem Statement 2: ELL Student performance on STAAR Writing is 20% which is 40.8% lower than all student performance of 60.8% in indicator 3. ESL Student performance on STAAR Writing is 0% which is 60.8% lower than all student performance in indicator 2. (2 Students) **Root Cause:** Lack of vertical alignment between grade levels; Lack of positive reinforcement; and writing opportunities assigned.

Problem Statement 3: Special Education student performance in Indicator 1 is at Performance Level 4 (17.6%) in Writing **Root Cause:** Lack of Implementation of Co-Teach training; lack of general education teacher knowledge, Lack of common planning time once lesson plans have been completed, Lack of Campus wide Writing program.

Problem Statement 4: Special Education student performance in Indicator 1 is at Performance Level 3 (35.0%) in Science **Root Cause:** Lack of Implementation of Co-Teach training; common planning of General Ed and Special Education teachers; lack of general education teacher knowledge; lack of teaching Science with fidelity campus wide/communication.

School Processes & Programs

School Processes & Programs Summary

We recruit and retain 100% Highly Qualified faculty, staff, and support personnel to improve student academic performance and to ensure that students graduate college and career ready. This year we have 4 Kinder teachers (3 mono/1 bil); 6 1st grade teachers (4 mono/2 bil); 5 2nd grade teachers (3 mono/ 2 bil); 6 3rd grade teachers (4 mono/2 bil); 7 4th grade teachers (6 mono/1 bil) and 5 5th grade teachers (3 mono/ 2 bil). We also have 3 self-contained Special Education classes with 1 teacher in each and a combination of 8 Special Education Paraprofessionals. We also have 2 P.E. Coaches along with 2 P.E. Paraprofessionals.

SISD district leaders, campus leaders, faculty, and staff members will ensure that students receive a quality education by working collaboratively towards the fulfillment of educational goals at the federal, state, and district level.

Our Leadership Team meets on Mondays to review the calendar and events that will occur the following week to strategically plan and discuss roles of responsibility. We also discuss academic goals and review data for the week. We have grade level meetings every Wednesday, led by Principal to ensure goals are met and to review data. Faculty, SIT, Safety and Bilingual Meetings are held each month. Our SCEI coach leads our TEKS Academies every 9 weeks to ensure teachers plan and create common assessments for the 9 week period. They also create their grade level weekly letters; project based learning and technology lessons.

A Student Showcase is highlighted each month where important information is shared with our parents and community. Monthly letters and calendars are created by the principal along with campus All Calls being made to inform parents of our campus news and events. The Marquee and our website informs parents of weekly events and reminders. An Open House, along with Parent/Teacher Conferences are held to keep our parents informed about student progress. Family nights are also held where we inform parents on OLWEUS; Loss of Credit/HB5; SSI; STAAR information; WIN Academy information and multiple events at our Partners in Education for fund-raising.

Response to Intervention meetings are held with faculty along with data and accountability talks to ensure student progress and success. Information and data discussed include beginning, middle and end of year assessments for Milestones, IStation, TCS and common assessments. Students that are not progressing are invited to attend tutoring, fall intersession and spring intersession tutorials.

Our faculty attends multiple trainings and staff development to improve their craft such as Writers Workshop; Feeder Pattern Vertical Alignment meetings; Content Advisory trainings, TTESS, SIOP and Special Education trainings.

Our campus provides multiple technology opportunities with 1-3 computers in each classroom; 3 Computer labs along with another computer lab in the library; we have Computers on Wheels for our general education population, our Special Education population and our WIN Academy. Every classroom also has an Interactive White Board along with an ELMO camera display. Two of our computer labs have VDI clients but our 3rd lab is in need of new clients or computers.

We implement a program by the Master Teacher to provide our students with Social and Emotional Learning and Support as our faculty was trained during their staff development week. Our counselor will support the program along with the programs she currently provides our students to include Character Counts and the Who Program.

Our Gifted and Talented program will continue to provide our students with a pull-out program to participate in problem solving projects; Team Quest and lessons and projects from the Texas Performance Standards. They will also participate in the district's End Of Year GT Showcase.

We have a large population in our Special Education classes to include PBS/SLU, FLS, Specialized Support and Auditory Impairment. Three of our classes are self-contained while the rest are taught with a co-teach model.

Our Bilingual Program follows the transitional/early exit model where our ELL students are served by highly qualified bilingual teachers trained on SIOP and ELPS strategies.

For our Kinder through 3rd grade students, we will continue with Balanced Literacy along with Johnny Can Spell. Most of our teachers have been trained but our new teachers will participate in training while those trained will attend refresher trainings. Our 4th grade team was made up of 5 new teachers to the grade level so we provided them with Writing trainings.

Our 3rd through 5th grade teachers were provide with staff development and trainings by our district instructional coaches along with our SCEI coach.

All grade levels continue to implement AVID strategies, Kagan strategies, and Fundamental 5 strategies.

Our goal is to provide multiple learning opportunities to our students along with extracurricular activities to create well-rounded individuals. We offer Band, music, UIL events; Basketball, Cheer, Chess, Art, DI, VAASP soccer and track.

We also have a Top 5 Parent volunteer group along with our Parent Liaison that organize parent meetings and assist in various activities and events that we provide our students with. We continue to enhance each program to provide our students multiple opportunities in preparation to be college ready and college bound.

School Processes & Programs Strengths

Campus and district staff development provided to staff members are aligned to district and campus initiatives. Frequent grade level meetings are scheduled so that teachers analyze data and review which best practices and interventions will be used to improve student performance. We also provide vertical alignment within our feeder pattern which we focused on Writing.

Current resources have proven effective and helpful in providing quality instruction to our students. Reading inventories, such as through iStation and Lexia, have provided our teachers with the necessary data to provide interventions for our students and modify instruction so that students can be successful. The Wilson Program is provided to our students with Dyslexia. Data acquired through Eudphoria with Common Unit assessments have also been useful in

ensuring rigor, to include technology. Campus administration reviews data and provides feedback through walkthroughs in order to assist our teachers. Our SCEI Coach also assists in reviewing data with our teachers and providing best practices training for teachers.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: During the 2016-2017 faculty turnover occurred in our 4th and 5th grade classes affect student assessment.. **Root Cause:** We had the following individuals promoted causing gaps in instruction - SCEI coach, two Special Education teachers, and one 5th grade teacher. We also had a 4th grade teacher pass away.

Perceptions

Perceptions Summary

Sierra Vista ES strives to provide a safe and positive learning environment for our students, faculty, and staff. Our parental engagement opportunities and partnerships with community members have supported our efforts to provide a quality rigorous education to take our students beyond excellence.

Our teachers are committed to utilize best practices and develop targeted intervention plans focused on current data and actively participate in PLCs to drive instruction. We pride ourselves on setting high standards and developing the whole child by instilling our campus core values of trust, respect, and integrity in each and every child.

We are committed to help our students excel academically and socially by making the Social Emotional Learning program an integral part of our school day. Our students have a variety of opportunities to develop their unique talents by participating in fine arts, athletics, UIL events, and extra-curricular activities offered after school.

The perception of Sierra Vista among all stakeholders is that our school sets high expectations for student success and that students are encouraged to participate in challenging curriculum to excel academically. Our parents feel comfortable in visiting our school and feel welcomed as they participate in the many parental involvement activities offered throughout the year.

Our teachers provide weekly Olweus lessons to educate our students on bullying and how to avoid bullying situations. District-wide, we also have the K12 Alerts System where students and parents can report bullying incidents anonymously.

Our counselor provides individual, small, and large group sessions on current relevant issues that arise at the campus along with class presentations. She also provides our students and parents with assistance for those that are going through a difficulty period in their lives due to the loss of an immediate family member, divorce or military deployment. We also enlisted her help to conference with students with a high number of discipline referrals.

We have used the Socorro ISD Climate Survey results to obtain information about our school and how to improve our practices to promote student academic success and parental involvement. The Climate survey has been instrumental in helping us identify areas of strength and areas that need refinement in practice. The survey has helped us reflect and raise awareness to school staff, students, and parents and make necessary changes to support a positive learning and working environment.

Our Parent Liaison reaches out to families in various ways to include parent trainings; military presentations, student showcases, registration and our WIN Academy Parent meetings. She also provides opportunities for home and school activities.

Other School Incentives to Promote a Positive School Culture include Monthly Student Showcases; Pep Rallies; Family Nights; Award

Ceremonies; Attendance Recognition for faculty, staff and students; 12 Days of Christmas for Faculty; Terrific Kids; Chess Club; Bluebonnet Club; Cheer team; Buckaroo Bucks for student incentives; Wellness Day for Parents and Students and other incentives for good behavior.

Perceptions Strengths

Our parents are an integral part of our success at Sierra Vista Elementary. Monthly student showcases provide our parents with valuable information that pertains to their child, the school and the community. A monthly newsletter and calendar that informs our parents of the different activities and important news is distributed to our parents. Our Parent Liaison provides parents with a variety training that have increased our parent participation in school activities. The use of Twitter/Facebook/Instagram has allowed us to promote our campus to our community.

Based on our Climate Survey from 2017, our top 2 results from our students an parents were:

	Item	Score
Strength: Students	My family wants me to do well in school.	3.91
Strength: Students	My family believes I can do well in school.	3.87
Strength: Parents	My child's teachers let him/her know when he/she does a good job.	3.61
Strength: Parents	My child's school makes an effort to keep me and my family informed about what's going on in school.	3.56

This year we also went from 10 Security Cameras to 15 which include the entire school, inside and out. We will also have all of our teachers trained in Social Emotional Learning to assist our students in becoming socially responsible for their actions and to be aware of their behavior towards others. We also have a full-time Security Guard on a daily basis.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Our Parental Volunteer Program declined in attendance from 8 that would come on a daily basis to 5. **Root Cause:** The parents that left moved on to the middle school with their children.

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Goals

Revised/Approved: August 21, 2018

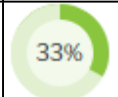

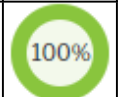

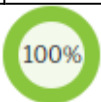

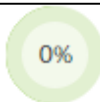

Goal 1: SISD will ensure a safe school environment for students, staff, and community members by implementing both current and new initiatives to address safety concerns, keeping safety a top priority.

Performance Objective 1: For the 2018-2019 school year, Sierra Vista will implement a plan of action to ensure that campus stakeholders feel safe at school and school events, increasing the number of students that strongly agree that they feel safe from 60% to 90%.
