

Ms. Bragalla, Assistant Principal, called meeting to order at 4:31 p.m.

I. Distinctions

- **Distinctions** – Big congratulations to social studies and science departments and everyone for all the improvements and gains shown in the data from the last school-year. Attached is the data that was discussed. We are now in the top 25 percent – there is academic growth. Discussion continued on our distinctions. The importance of knowing what your weights are. At the end of the report is a distinction summary and it shows the formula that is used. We are considering asking Kelley McBain, from research and evaluation, to come in to speak to all teachers regarding the data.

II. Increased Enrollment

- **Increased Enrollment** – Our enrollment is currently 2331; the growth is 3.5% more than last year at this time.

III. Attendance

- **Attendance** – Teachers posting attendance out of the window. The issue mostly has to do with the modified schedule. It is important for attendance to be posted after 10:24 am. Please use your computer timestamp/clock. There is a scheduled meeting for an action team - Attendance CAC. The day of the SEL schedule you get an extra opportunity. If your attendance turns yellow DO NOT TOUCH IT. It is the responsibility of the attendance office to fix those. It happens when a student enrolls after the window. There will be an approved list of activities and those will be the only acceptable ones.
